

Vesta Site

**Vesta Site
New Islington
Proposed Residential
Development**

Public exhibition
3-7PM, Thursday 2nd March
Halle St Michael's
George Leigh Street Ancoats

Manchester Life Development Company (MLDC) invites you to attend a public exhibition of plans for the proposed development of the Vesta site.

The proposals provide an exciting opportunity to bring forward a previously developed and long-term vacant parcel of land off Vesta Street in New Islington to provide new apartments and townhouses for sale in an accessible city centre location.

The proposals have been developed to meet the pressing need for high quality homes with a range of amenities and facilities on site. This need is underpinned by Manchester's forecasted population and economic growth over the next 10 years, as set out in Manchester's Residential Growth Strategy.

Learn more about our proposals

We would like to invite you to a drop-in session on **Thursday 2nd March 2017, 3-7pm**, at Halle St. Michaels, where you will be able to view the proposals, meet our team, and ask any questions you may have.

Vesta Site

Vesta Site, New Islington Proposed Residential Development

The Proposals

The proposals include new homes for sale, and resident car parking. With the appointment of a high calibre design team and an emphasis on place-making and quality of design the schemes' development has been progressed in a way that will contribute to the local environment.

The proposals are consistent with the approved Ancoats and New Islington Neighbourhood Development Framework, and will complement the wider regeneration initiatives already delivered in this area, in support of further planned investment and enhancements in New Islington.

Who are we?

Manchester Life Development Company is the residential property development company which is driving the sympathetic and sustainable redevelopment of Ancoats and New Islington into vibrant and inclusive communities.

The proposals represent the next development being brought forward as part of the Manchester Life initiative that combines the best of public and private sector expertise to develop high quality homes that will support the emergence of neighbourhoods of choice in east Manchester. Work has commenced on the first projects, which will deliver over 1,000 homes for rent and sale.

How can I comment?

There will be forms at the event for you to submit your comments or you can contact us with any questions and request information via information@mcrlife.co.uk. Please let the team have all comments by 16th March 2017.
